

## **HIGH 5**

High 5 is our newest and most exciting competition. Shot using 6 traps competitors shoot to get through to the next stage and are rewarded for doing so.

With your ultimate aim to make the PRO/AM finals and shoot for the £280 top prize money offered in two levels. The final will be filmed for our Youtube channel adding even more excitement and tension. A great event for spectators, as well as competitors that make this stage of the competition.

Each qualifying stage is shot over 30 Targets with only 40 entries available for each High 5 event. When we announce our first date of this competition we will include full details of how it works and shoot format.

See [www.worldsporting.net/competitions.html](http://www.worldsporting.net/competitions.html) for first High 5 event.
